## INTERNATIONAL FLORIST TO SHOWCASE ARTFORM IN WINTON

Exciting times are just around the corner for flower lovers and designers in Winton.

Central Southland Floral Art Club are delighted to have top International designer MARK PAMPLING scheduled to visit in early August to share his knowledge with them and present a public demonstration.

Mark is one of Australia's foremost contemporary floral designers. In addition to being the co-owner of Astonville Florist in northern New South Wales, he's a busy TAFE teacher, floral demonstrator, accredited floristry judge and current president of Interflora Australia – roles which take him all around Australia as well as to Asia, Europe and USA. He has been awarded the Interflora Australia Cup on many occasions and has competed in prestigious international competitions and exhibitions with numerous Gold Awards, Best in Show, Design Innovation Awards and Creativity Awards being gained. He's a regular contributor to floral design publications including the acclaimed International Floral Art, UK-based Fusion Flower magazine and more recently became a member of the elite FLOOS team, an on-line educational website for florists and floral designers.

Mark has become known for his "structural" approach to designing with technique and "craftsmanship" being important elements in his bid to showcase plant material and make it the "star" of each artwork. He will be demonstrating some very different ways of using our local botanical materials in his presentations. "We anticipate seeing him work with crisp lines and exacting techniques," says Convenor Rhonda Hall. "Expect an evening of dynamic designing. This will appeal to all who appreciate art and natural materials, not just floral designers," she said.

The Mark Pamplung demonstration is entitled "*Irregular Moments*" and is at the Central Southland Presbyterian Church Complex in Winton on Thursday 1 August 2019 starting 5.30pm. Tickets are \$45 (includes light refreshments) and available from Rhonda Hall on (03) 2367157.

The day following the Demonstration, Club members and floral designers from around the South Island will explore new possibilities and learn new techniques during two Workshops tutored by Mark.

**Southland District Council's temporary Winton library and office will operate from the RSA Hall from 1 July 2019.**

Group manager customer delivery Trudie Hurst said the Bute Street building would provide a semi-permanent location for staff and customers. "The Winton Memorial Hall has provided us with an interim base for the past few weeks but it was always our intention to find a more permanent temporary home given demand for the hall as a community facility," she said. "We're incredibly grateful to the RSA, the Winton Community Board and the wider community for their patience and support during what is a challenging time for our staff and customers. It has always been our priority to ensure library and council services are retained and they have helped make that happen."

The Winton Library building was closed last month after testing confirmed the presence of airborne mould spores and fungal contamination. Two further environmental reports have since been completed, reinforcing the initial results. "In order to make the building fit for use again we will have to complete some remedial work. We are currently assessing what the requirements are and costs involved and expect to have that information by the end of July," Ms Hurst said. "We are working hard to have the library operational again. However, it would be wrong of us to try and put a completion date on it when there are so many variables involved at this stage."

Staff will relocate to the RSA building on Saturday June 29 in preparation for opening on July 1. Therefore, the library will close at 1pm on that day. Hours of operation at the new site will then remain 9am to 5pm Monday to Friday and 10am to 3pm on a Saturday. "We're so proud of our staff who have been so resilient and focused on doing what's best for the community," Ms Hurst said. "We've had overwhelming support from other libraries across the South Island and everyone has rallied."

“Welcome” to those new residents that have moved to Central Southland at the beginning of June. The Committee would like to thank the community for their support with purchasing cultural food when we attend the Winton Monthly Market. For the past couple of months our committee has been focusing on an upcoming event. At this stage we are in discussion; it needs to work for all involved to be successful. Every member of our committee is associated with their own cultural groups, any funds raised at any event outside of Winton Market Days goes to those groups and they use it within their cultural community groups. We are very slowly moving into Community Services, working through everything is a fulltime job on its own. We are looking forward to finally opening it up to the public officially. A list of offered services will be put up as soon as they are guaranteed.

Blessings for the month of July
