

End of an era

Today marks the end of my volunteer role bringing you the Winton Community Newsletter each month and maintaining the Winton Website.

I have been in this role for the past four years. During those 4 years the website was updated to a more modern version which enabled news and events to be added. The website also offered the feature of sending out newsletters to subscribers. After the loss of our community paper "The Winton Record" several years ago it left a gap in our area of obtaining local news and events. The first Winton Community Newsletter was distributed in December 2017 and has continued monthly since then apart from the short break over the Covid-19 period.

As there is a lot of volunteer time put into producing this newsletter it relies on you, the community to send in information, news and events to be added to this. There has been no charge to place items in here and no charge to receive one. It gets emailed out on the first of every month and a few printed copies for those not on email get left at the Winton Hospice Shop, Winton Library and the Presbyterian Church Complex.

I have interacted with some wonderful community members over the years and I would like to thank you all for your contribution and support in producing this newsletter each month. I would also like to thank those that send in information to enable the community website to be kept current.

The website has thousands of views each week and has become a vital source of information on community groups, businesses, events and news for many in and out of the area.

If you are interested in volunteering for the role of maintaining the website and producing a monthly newsletter then get in touch with either Chris Menzies or Maria Scammell at the Winton Business Association or the Chairperson of the Winton Community Board.

Thank you again for all your support over the past 4 years. Items can still be emailed to winton.nz@outlook.com

Central Southland College Students help the community

Students were asked to bring cans of food to school last week as part of our Mufti Day. The Student Council thought it would be a good time for us as a school to support our local community. With the potential for more families in need since the COVID Lockdown, it seemed like a good time to stock the foodbank shelves! 1011 cans were collected! We hope this will make a real difference to families in our community.
